Bavisetti veera Ramakrishna jogiyya ll cse||computer engineering||
diploma in kiet college||kiet group of institutions kakinada
Kirlampudi, Andhra Pradesh, India

Summary

Aspiring software engineer with a strong foundation in computer
engineering and a diploma from Kakinada Institute of Engineering
and Technology (KIET). I'm passionate about coding, problem-
solving, and building innovative solutions that make a difference.
My journey began at KIET Group of Institutions in Kakinada, where I
honed my technical skills and developed a deep interest in software
development.

I've actively participated in coding platforms like CodeAlpha and
continuously seek opportunities to grow and contribute to real-
world projects. Whether it's collaborating with peers or diving into
solo challenges, I thrive in environments that push me to learn and
evolve.

Currently open to software engineering roles where I can apply
my knowledge, creativity, and drive to deliver impactful results. I'm
excited to connect with professionals, mentors, and teams who share
a passion for technology and innovation

Experience

CodeAlpha
Intern
September 2025 - Present (1 month)

CodSoft
Intern at codsoft
August 2025 - Present (2 months)

Education

Kakinada Institute of Engineering and Technology
